4175 Route 71
Oswego, IL 60543
(630) 636-3080

Contract Amount: \$1,196,021.00

Location: Oswego, IL

In 2007, Mechanical Incorporated completed the construction of a new 40,000 square foot early childhood learning center for the Oswego School District 308.

Mechanical Inc. supplied and installed the HVAC piping, sheet metal, insulation, and temperature controls for this project. This included purchasing and installing 2 large McQuay Packaged Rooftop units, in-floor radiant heating, radiant ceiling panels, split system ac units, cabinet unit heaters, 3 Fulton pulse boilers, associated hydronic pumps, and all hydronic piping.

Mechanical was proud to complete this job on a tight schedule with the involvement of two general contractors, one for shell and core and one for interior build out.
