5974 State Highway 80 South
Platteville, WI 53818
(608)348-3262

Contract Amount: \$456,480.00

Location: Britt, IA

In 2009, Mechanical Incorporated completed the Piping for a new family aquatic center in the City of Britt, IA.

The new aquatic center has a 181,000 gal capacity and features a zero-depth entry, a 10,000 gal capacity water slide, eagle slide for the kids, floor geysers, a food court and bath house which doubles as a storm shelter. The aquatic center was built on a vacant city block near the down town area and should provide family entertainment for many years.

Mechanical was honored to complete this work for Burbach Aquatics and takes pride in opportunities to provide communities and businesses with the aquatic experience locally and in other locations all over the county.
