In 2005-2006 Mechanical was the prime pool contractor for the installation of a new indoor waterpark for the Elmhurst Holiday Inn.

Our scope included underground piping from a new mechanical building to all pools and the furnishing of filters, pumps, and other equipment in the mechanical building. Concrete and excavation work was subcontracted.

The new Mayan Adventure Indoor Waterpark features body and tube slides, a lazy river, vortex pool, zero-depth kiddie pool, and activity pool with interactive play station and dumping bucket.
