Phone: (847) 973-1123
Fax: (847) 973-1169

Customer: Beloit Memorial Hospital

Contract Amount: \$3,500,000

Location: Roscoe, IL

Mechanical was a key player in the construction of North Pointe Health and Wellness Center in Roscoe, IL. The 137,000 ft² facility was designed to bring the medical world and a fitness center together. It offers physician and immediate care, diagnostic needs, and therapy while featuring a pool, track, and gym open to the public.

Mechanical's contract covers the piping, HVAC, and sheet metal work. Our CAD department laid out hydronic piping and coordinated our location elevations with other trades. CAD also created hanger and sleeve location drawings and installation drawings for the field and fabrication shop.

The utilization of our Freeport fabrication shop was critical to this job. By completing a large amount of installation hours in the shop, we were able to add value by shortening durations needed to perform work on site.
